- Belisar — hostile association ● (identified 20 December 2020)
- Unidentified Infernal Entity - connection unknown (original 2010 designation)

File Opened: 25 March 2010

Last Updated: 20 August 2026

25 March 2010 — ENTITY RECORD OPENED

Subject identified following an anomalous magical event in the Mortal Realm resulting in the death of one human male. Residual evidence indicates prior infernal contact with deceased; nature and source undetermined.

Subject Brennan, an untrained juvenile witch with no documented prior magical manifestation, appears to have discharged sufficient power to kill the mortal and eradicate the unidentified infernal signature associated with him.

Analyst Note: *Witch authorities appear unaware of infernal involvement.*

Recommend passive observation only.

Classification: PERSON OF INTEREST

Reason for Record: Unexplained eradication of infernal signature

2013 — STATUS REVIEW:

No subsequent infernal contact detected. No further anomalous magical activity recorded.

Subject appears non-operational.

Recommendation: Archive record. No active monitoring warranted.

31 October 2020 — ENTITY RECORD AUTOMATICALLY REACTIVATED

Infernal summoning detected in the Mortal Realm. Summoner identified as Subject

Brennan through magical signature comparison with archived Incident 2010-03-25.

Summoning successfully breached the Infernal boundary and established contact with an infernal entity. Entity identification pending.

Status: ACTIVE

Classification: INFERNAL PERSON OF INTEREST

Recommendation: Reinstate passive monitoring pending identification of contacted entity.

07 November 2020 — INFERNAL BARGAIN REGISTERED

Subject Brennan entered into a formally binding Bargain with the infernal entity contacted during Incident 2020-10-31. Contract execution confirmed and recorded pursuant to Infernal contract law.

Contract Record: IA-CR-5739.5248.3664.6381

Counterparty: Asmodeus, Prince of Lust

Terms: RESTRICTED ●

Classification Review Initiated.

Recommendation: Continued observation.

CROSS-REFERENCE AUTOMATICALLY ESTABLISHED: IA-ER-7 — ASMODEUS ●

Classification Updated: INFERNAL-ASSOCIATED ENTITY

Threat Assessment: ELEVATED ● — Assessment incomplete

Analyst Note: *This substantially increases the priority of this file.*

12 November 2020 — HISTORICAL SIGNATURE REVIEW

At analyst request, Entity IA-ER-7 signature compared against residual infernal signature documented during Incident 2010-03-25.

Result: NO CORRELATION.

Asmodeus was not the source of the infernal signature associated with Subject's foster parent. Identity of original infernal entity remains undetermined.

19 December 2020 — MAJOR INCIDENT / BOSTON COMMON

Subject Brennan confirmed present during hostile infernal incursion in the Mortal Realm involving Belisar [cross-reference, IA-ER-2847] and associated entities.

Subject acted in concert with Asmodeus, Prince of Lust, in the elimination of Belisar and subsequent closure of the interrealm rift. Available reports indicate Subject's magical contribution was material to successful containment of the breach.

Outcome: Belisar eliminated. Interrealm breach sealed. Further incursion prevented.

Threat Assessment: ELEVATED  — Assessment incomplete.

Classification Review: Subject's observed magical capabilities remain inconsistent with known human elemental-fire parameters.

Recommendation: Full magical assessment requested.

***Analyst Note:** This is the second documented instance in which Subject Brennan has demonstrated an anomalous ability to disrupt or terminate infernal influence substantially beyond the expected capabilities of her recorded magical classification. Recommend comparison of Entity IA-ER-2847 with residual infernal signature documented during Incident 2010-03-25.*

20 December 2020 — HISTORICAL SIGNATURE REVIEW

At analyst request, Entity IA-ER-2847 signature compared against residual infernal signature documented during Incident 2010-03-25.

Result: CORRELATION CONFIRMED.

Residual infernal signature associated with Subject Brennan's foster parent is consistent with Entity IA-ER-2847 — BELISAR.

Associated Entity updated: Belisar — IA-ER-2847 

Connection: Confirmed; nature of original contact undetermined.

05 January 2021 — STATUS / CLASSIFICATION UPDATE

Subject confirmed to have entered the Infernal Realm in the company of Asmodeus, Prince of Lust. Audience with Lucifer confirmed.

Subject Brennan identified as spouse and bonded mate of Asmodeus. Bond confirmed to have rendered Subject everliving.

Rank: Consort to Prince of Lust

Formal Infernal Rank: ● UNDER REVIEW

Mortality: EVERLIVING

Threat Assessment: ● UNDER REVIEW

05 January 2021 — DIRECTIVE, OFFICE OF THE EMPEROR

Threat assessment suspended. No further testing, observation, provocation, or field evaluation of Subject Brennan is authorized.

***Analyst Note:** This makes completion of the threat assessment impossible.*

***Response appended:** Correct.*

Classification: PROTECTED ENTITY ● (Updated by Imperial directive)

Threat Assessment: DO NOT ASSESS ● (Updated by Imperial directive)

Further observation, assessment, or investigation of Subject suspended by Imperial directive.

***Analyst Note:** Circumstances surrounding marriage and formation of mate bond remain unknown.*

20 August 2026 — STATUS REVIEW

No authorized updates to Entity Record since Imperial Directive of 05 January 2021.

***Analyst Note:** Emperor Lucifer continues to refuse authorization to update this record.*
